

NATCA Celebrates Our Engineering Members During Engineers Week

Our NATCA family proudly celebrates the FAA engineers it represents and their critical work during National Engineers Week, Feb. 19-25.

A graphic with a yellow background. In the top left is a circular logo with "REGION" at the top, a stylized "X" in the center, and "NATCA" on a banner across it. To the right of the logo, the words "ARCHITECTS & ENGINEERS" are written in white on a black banner. Below this, the text "Who We Are:" is written in a large, outlined font. To the left of a list is a hand-drawn star symbol. The list contains seven items. In the bottom right corner, there is a fist icon and a banner that says "NATCA STRONG".

ARCHITECTS & ENGINEERS

Who We Are:

- Engineers
- Architects Resident Engineers/Construction Managers
- Contracting Officer's Technical Representative
- ARTCC Implementation Engineers
- NAS Plans and Programs Managers (NPPM)
- Second-Level Technical Systems Support Engineers

NATCA STRONG

"This week, we are proud to recognize the contributions of engineering professionals who support more than 70,000 daily flights in the National Airspace System," NATCA President Rich Santa said. "The work of NATCA-represented engineers is critical to ensure the nation's air traffic control system and standards continue to be the safest and most efficient in the world."

ARCHITECTS & ENGINEERS

What We Do:

- Plan and Design new ATC Facilities
- Plan NAS System replacement and integration projects
- Install new NAS systems and components
- Plan, review and manage safety aspects for NAS projects
- Operational Risk Management
- Determine NAS project requirements
- Evaluate RADAR and communications coverage

NATCA
STRONG

Across multiple bargaining units, NATCA represents engineers who provide essential services that the flying public may not often consider as they travel. About 1,000 NATCA members belong to the largest unit, Engineers and Architects, and are assigned to the Air Traffic Organization's Air Traffic Facilities-Engineering Services and Mission Support groups.

ARCHITECTS & ENGINEERS

How Our Work Affects Other NATCA Members:

- New ATC Facility designs
- ATC Facility improvement projects
- ATC control room/tower cab/facility design
- NAS equipment installations
- Transition new NAS systems with minimal impact to ATC operations
- Analysis and resolution of NAS equipment issues
- Requirements evaluations and recommendations

NATCA
STRONG

Nominations Are Open for the 2023 NATCA Professionalism Award

Picture that admired coworker, respected peer, and NATCA member who truly represents the standards of professionalism that we have set for ourselves. Don't let this person spend an entire career without being recognized for it: Nominate them for the 2023 NATCA National Professionalism Award. Tell us how they inspire, motivate, and demonstrate professionalism to those around them by completing the nomination form and encouraging others to do the same.

DO YOU KNOW A GREAT EXAMPLE
OF PROFESSIONALISM?

NATIONAL PROFESSIONALISM AWARD NOMINATIONS ARE OPEN!

SUBMISSIONS ARE DUE BY:
JUNE 1, 2023

Recipients attend and are honored every year at NATCA's Communicating For Safety conference.

More information about the award and previous winners can be found [here](#).

The nomination form can be accessed [here](#).
