

CISM Receives Annual Training from ICISF

The Critical Incident Stress Management (CISM) team receives annual training on acute stress mitigation through the International Critical Incident Stress Foundation (ICISF). The training is provided by an approved ICISF instructor. This year NATCA's CISM team attended training with instructor and retired NATCA member Tom Morin, who played a major role in establishing the CISM program with the FAA in the mid-1990s.

New Orleans, La. | Nov. 2022

"This year, we brought on three new members, which brings our team to a full 15. We haven't had a full team in a few years. This will really help us provide the best service to the members. A big thanks to New Orleans ATCT (MSY) for hosting us this year," said CISM Team Lead Sarah Grampp.
